

Economy Standoff Regulator

Duro Dyne has the economic solution to attaching adjustable hand quadrants to externally lined ductwork. The Economy Standoff Regulators are available for round or square duct, with or without seals.

Features

- Base available with 90° or 45° bend for square or round duct.
- Base sold in 1-1/2" height.
- Base constructed out of 16 gauge galvanized steel.
- Handle available for 1/4", 3/8", or 1/2" square rod.
- Handle constructed out of heavy plated steel.
